Dear Sir:-

I have before me the information you promised to send me per our conversation over the phone while you was down in this field some few days ago. I assure you I regret very much that it was not convenient for you to pay me a call so I could gone over our Scrip matter which I feel would been much more satisfactory if we could talked this over in person. Rather then trying to explain the details on paper. Any way you had a personal talk with Mr. Mead, and he no doubt gave you his view on the matter towards us getting Scrip made up for both halves..I have went over this matter also and do not see where this is going to be to any advantage. Still if Mr. Mead, feels that he wants the Scrip made up so it can been known as First Half and Second Half, Then it is our duty to comply with his requests. Our Scrip clerk and myself has talked this matter over several times, And we feel it would be better to have the Dollar Scrip's which is issued from the office, To be made up in two different kinds of Scrip, Say Brass to designate one half, And Aluminum or some different kind of metal that will hold it's color indefinitely to designate the other. Our view on this matter is that if the Scrip to be issued was all one kind and was stamped First Half and Second Half, This Scrip would always look alike and in order to tell what half it belonged in the book keeper or Scrip clerk would have to stop and note every piece to see what was stamped on it, 'First Half or Second Half' So we feel it will be much more convenient to have two different Scrip's and in this way the Scrip clerk could tell at a glance what half he was issuing them on. Now so far as the change, I feel it will be O.K. to have it all Brass the same as one of the Dollar will be made from. But still it will have to have the reading on it to comply with the law.

Now as to the amounts of this Scrip, It will be necessary to have 1200 pieces of the \$1.00 Scrip in the Brass for one half, And the same amount of pieces in the Aluminum for the other half, Then for the change you will no doubt have a list to make this up from, And for your information we will have to have change to take care of a buisness of from \$14,000.00 to \$15,000.00 per month. Please bear this in mind, We want plenty of 5¢ and 10¢ pieces for this is the kind of change that we seem to always run short on the most.

I am trying to give you these details just as we would talk it over if you were here, so if you have any suggestion to offer on the matter I trust you will let me hear from you by return mail for the time will soon be rolling around when it will be necessary for us to have this new Scrip on hand.

If I have outlined our wants so that you readily understand what we want. I trust you will find it convenient to submit us a sample of the two different \$1.00 Scrip's which we will want in order that it can be shown to parties in authority for approval.

Remember so far as we see the matter, It will not be necessary to state on these \$1.00 Scrip's (First Half and Second Half) as it was first suggested, For we feel that by having them made up in two different kinds of metal that they can be easily distinguished, And by omitting this wording 'First Half and Second Half' on these Scrip's it will give more room to state on them what is necessary to comply with the law.

Hoping to be favored with either a letter or samples for us to select from at your earliest convenience.

I beg to remain.

Dear Sir:-

Following this up with my letter to you of June 23rd. relative to the Scrip buisness, I am just in receipt of this information from our general office, that it will be necessary to have the \$1.00 Scrip which I mention about in my letter of June 23rd. To read 'First Half' on the Brass Scrip to designate the first half of the month, And the Nickle Scrip to state 'Second Half' to designate the second half. I stated in my letter of June 23rd. that we did not feel here that it would be necessary to state this 'First Half' and 'Second Half' on the \$1.00 Scrip when we was having them made up in two different metals. But we was informed from our general office that by having the One Dollars made up in two different metals was alright for our convenience, But in addition to this they want one style to read 'First Half' and the other 'Second Half', We trust you thoroughly understand what we mean in this matter.

Permit me to quote this request from our general office also. 'It has been brought to the writers attention that there is others in the field soliciting various Coal Company's wants on the new Scrip buisness which has become necessary to comply with the new law on same effective July 23rd. and if I were you I would not place an order for our wants at East Gulf, untill you have received some quotations on your wants.)

This of course is self explanatory, And before considering that our wants are placed with you people, it will be necessary for you to quote us on your prices, As we have given you details regarding what we will want in this Scrip matter to comply with the law.

The writer is sending this letter by registered mail in order to insure safe delivery, Therefore we will expect you to submit us prices on our wants before we can authorize you to go ahead on this. So trusting it will be convenient for you to let us hear from you right away. I beg to remain.

Dear Mr. Clark:

In Mr. Ingle's absence and in reply to yours of the 23rd., I should say that the color \$1.00 check idea is feasible - more so in fact, in my opinion, than the "first half" and "second half" stamped on the 1.00 scrip. For that matter, both ideas might be incorporated in the scrip, that is, there is room on the face or "your side" of the scrip, for the wording that Mr. Meade thought appropriate, if not required in large lettering- and as suggested you could carry out the two color idea too.

I only had two samples handy - specially punched scrip made up for Weyanoke Coal Co's two operations. We must account for this scrip and kindly ask that it be returned at your earliest convenience. The thought in sending this was to encourage the use of brass and copper for the dollars and brass for the balance. This you will find the most serviceable arrangement you can get.

Presume Mr. Ingle has been informed as to whether or not pennies were desired. However this and the matter of assortment you may be assured will be handled to your entire satisfaction.

I desired to get this to you today, hence it may seem a little sketchy- but if you get the thought, all well and good.

Very truly yours,

Dear Sir:-

I am enclosing a piece of our Scrip which you requested me to send in. I am just in receipt of a piece which was sent us by the Osborne people, I am enclosing this also in order that you may see how they are placing the reading to comply with the law. We have nothing to request as to how or where this reading is placed on our new Scrip. Other than we must have your assurance that what you do put on it will meet the requirements of the new law.

I feel that you and I went over the matter in a manner that we both understand what our requirements are. Here is one thing that I forgot to mention to you in our conversation this morning about the metal which our \$1.00 pieces should be made from, You of course understand that we want our \$1.00 pieces made up of two different kinds of metal, I want to leave this to you as to what kind of metal that they should be made from, What I am driving at is to get these dollar pieces made from a metal that they will hold there color, It would be of no advantage to us to have these made from some kind of metal that after they had been in use for a while that they would all get to look alike. I certainly hope you will find it convenient to give this your attention. If this letter reaches you before you have already set our identification mark on our Scrip. I suggest that you make our new mark M

Feeling that I have explained our wants from A to Z in the three letters I have written you. I will close at this and leave it to you. I beg to remain.

Dear Sir:-

I have received your letter under date June 25th. with the two pieces \$1.00 Scrip enclosed for us to see that we may either approve or disapprove on the colors. Perhaps you have received word by this time that we will not be needing the two colored Scrips in the Dollars as we first requested. On June 27th. we purchased one of the National Cash Register Scrip issuing machines which to a certain extent will eliminate the use of the one dollar Scrip that we first wanted. Mr. Jones, of the National Cash Register people promised me that he would personally take this matter up with Mr. Ingle, and have him eliminate the two colored one dollar Scrips, And would also have him to cut the quantity down to a minimum, For with this new issuing machine which we purchased we will only need a few surplus One Dollar Scrips to carry as a change matter. In other words, Instead of making for us the 1200 pieces of the one dollars in the brass for one half, And 1200 pieces in the Copper for the other half, We will only need about four or five hundred dollars the these \$1.00 Scrips in the Brass.

If you have received this information through this Mr. Jones, of the National Cash Register people, And you thoroughly understand our reason for changing our idea on this Scrip matter, All is well, And if not, Please be governed by our explanation about. Or advise us that you did not receive this information and we will try and give you the details over again.

In order to comply with your request, We are retruning these two pieces Scrip which you sent us, These will be found enclosed. We are sorry that we have caused you any inconvenience, If any, by us changing our idea on our issuing of Scrip. This Scrip machine which we have just purchased looks good to us and we feel it is going to be a big help in our Scrip office. Any way we have 30 days to try it out, So if it does not prove satisfactory we are under no obligation to keep us from going back to our old method of issuing Scrip. Feeling that you have received are wants in full on this Scrip matter as follows, Eliminate the two colors, Instead of making 2400 pieces of the \$1.00 Scrip, We will only need about four or five hundred pieces, And it all to be brass, Send our various other cahnge as first requested, And please make this notation, Make us up plenty of 5¢ and 10¢ pieces

for this are the two numbers that we seem to run short on the most,
We have informed you in another letter that we wanted our private mark punched in our Scrip to be 'M'

Thinking you no doubt have received enough information along this line that you have a very good idea of what we want. And if any doubt is in your mind regarding any matter in this making up of this Scrip for us we trust you will write us and we will try and give you the information you want promptly.

Mr. W. F. Clerk,
C. H. Mead Coal Company,
Est Gulf, West Va.

Dear Mr. Clark:- Accept our thanks for the order given our Mr. Ingle for 6000 pieces of Patented Metal Scrip assorted - Price \$160.00 less 3% for cash in 10 days, 30 days net; F. O. B. point of shipment.

One half of the dollars (1200) will be in brass, marked "First Half" and the other half of the dollars will be in copper, marked "Second Half". You will have no trouble in telling these materials apart, regardless of the length of time in use.

Mr. Ingle instructed that we place the letters C H M in as large a type as possible across the face of your scrip as a means of quick identification, which idea has become quite popular. Those using the same claiming that it is much easier to determine your own scrip under this plan than with the cut out.

We gather from your letter, that you prefer that we just use the letter M in place of the three letters, which we shall do.

Be assured you will receive scrip that will be in full accord with the new law and that your order will have our very best attention.

Very truly yours,

Ingle-Schierloh Company.

Dear Sir:-

I am in receipt of your letter under date July 6th. acknowledging that you had been informed about us purchasing the N. C. R. Scrip Register, And that it would not be necessary to make up our Scrip Dollars as first suggested. I further note you have cut our Scrip down to 5000 pieces, Furnishing us with 500 pieces of the Dollars, And giving us a good supply of the 5 and 10¢ pieces.

Now in reference to the identification mark on our Scrip, You suggest that the letters C.H.M. across the face of our Scrip will be a much better private mark then to have the letter M punched out, for the C.H.M. would be an identification mark that would not be necessary for any of our neighbors to have. I am enclined to feel this way about this myself since you have mentioned this as a change. We have just got used to looking out for the punched hole in the Scrip, But I cant see why the letters C. H. M. would not be just as readily seen ~~####~~ after we once get used to looking for this. Any way you may go ahead with our order as stated in your letter. And trust you will find it convenient to get our new Scrip to us in due time to put it in use on date called for by the new law.

I beg to remain.

July
Sixth,

Mr. W. F. Clark, Store Manager,
C. H. Mead Coal Company,
East Gulf, West Va.

Dear Sir:-

We have your letter of the 29th., and are familiar with the fact that you purchased an H. C. R. Scrip Register. We are glad to change your scrip assortment accordingly and have reduced your order to 5000 pieces, furnishing you 500 pieces of Dollars and distributing the balance as we think will be to your best advantage, giving you a larger supply of 5 and 10¢ pieces.

One point was not entirely clear to the writer however, he understood from Mr. Ingle that we were to use the letters C H M engraved across the face of the scrip as an identification and we had proceeded accordingly. When you asked for the single letter M in your letter of the 29th., you referred to a punch out.

We firmly believe Mr. Clark that the first suggestion regarding the engraving of the letters C H M across the face of the scrip will prove the most practical and most satisfactory. We originated the cut-out idea, -- lately others have come along with the same practice and as a result we fear there will be confusion. The C H M is more certain to operate as an individual and private identification mark -- in fact the larger part of the orders we are filling are now requesting the newer feature.

Of course our chief desire is to serve you and to give you what we think you want so if you decide that you still want the M punch out, wire us at our expense. We shall go ahead in the meantime with the C H M engraved letters, and which we repeat we are confident will please you in every way.

Very truly yours,

1500 Pieces "ONE CENT" Scrip,

Gentlemen:—

We trust you will find it convenient to get us
 this "ONE CENT" Scrip out at the earliest possible date.

In the past we have used Cash Pennies, But we
 have just put in a new Cash Register in our store and we
 find it rather hard for the clerks to get a balance at the
 close of the days buisness when using Cash Pennies for
 change on Scrip and Cash both. It is therefore necessary
 to have these Scrip Pennies to over come this trouble in
 getting a balance. So to help our matters along, Wont you
 put forth every effort to get these 1500 Pieces "ONE CENT"
 Scrip made up for us and shipped to us by Express at the
 very earliest possible date. You have our dies for you made
 us up a lot of new Scrip per your invoice August 18th. 1925

Mr. W. F. Clark, Store Manager,
Ch. H. Mead Coal Co.,
Eastgulf, West Va.

Dear Mr. Clark:

We are just in receipt of your order #256 calling for 1500
ONE CENT Patented Metal Scrip for which accept our thanks.

Immediately we received your wire we entered your order for
the above and we certainly hope to be able to report early
shipment. Will surely do our very best for you.

Since all of your scrip was made in brass, we thought best
to make these ONE CENT pieces in copper. They are of course
smaller than the U.S. pennies, so will be quickly told apart
and at the same time will be easily distinguished from the
FIVE CENT Scrip pieces.

With kindest regards and our best personal regards, we are

Gentlemen:-

We are enclosing our requisition #730
calling for some denominations in our Metal Scrip.

We want the same color Brass we have had
in the past, and want the same outlines on the face
of this scrip, and there is one thing in particular
~~we would like you to add on this scrip, and that~~
~~you try and put on the face of it somewhere so that~~
it will be readily noticed and that is "Store No.1"

Without going to far in to details we might
give our reasons for having you add this "Store No.1"
on our scrip from now on. Your records will show that
you have been taking care of our requirements now for
over a period of years for C. H. Mead Coal Company,
East Gulf, W.Va., and Mead Smokeless Coal Company,
Mead, W.Va.,

Although these two corporations were owned
and operated by the same people, still they were oper-
ated as two separate corporations. Effective January
1st. 1937 they were put under the head of one corpora-
tion, consequently both operations are now known as
C. H. Mead Coal Co. Store No.1 East Gulf, W.Va., and
C. H. Mead Coal Co. Store No.2 Mead, W.Va., The writer
will be ordering in the next few days some scrip for
our No.2 store at Mead, W.Va. just as soon as we can
check up on the denominations we will need.

In the past we used the initials M.S.C. on
the old Mead Smokeless Coal Co., scrip, but since this
has been changed to C. H. Mead Coal Co. we will have
to have some changes made on our old M.S.C. scrip since
we dont operate under that name any more. It is our de-
sire to have C.H.M. on both scrips now, but must also
have the store number. In other words our East Gulf,
Store will be No.1 and our store at Mead, W.Va., will
be known as No.2 store.

On second though, and on looking over our present scrip set-up. I cant see where you could get space for our request of Store No.1 unless you drop the initial C.H.M. on the face of this new scrip and use this space for the store number.

We will appreciate you checking up on this and advise what you think of this suggestion.

Instead of using initial C.H.M. drop this and lets use this space for store identification. As Store No.1 for East Gulf, and Store No.2 for Mead, W. Va.

we are very much in need of the scrip called for on the enclosed requisition and what ever you can do to get us prompt delivery on this will be appreciated.

In the meantime though, we want this scrip to be as we want it before it is made up.

Hoping we might have a report on this from you at an early date. We beg to remain.

Mr. W. F. Clark, General Store Manager
C. H. MEAD COAL COMPANY
East Gulf, W. Va.

My dear Mr. Clark:

We have your letter of the third and also order for No. 1 Store Scrip. Understand your changed situation exactly, as to elimination of Mead Smokeless Coal Co., and designating Store at East Gulf as No.1 and Store at Mead, as No.2. Under the circumstances, we feel that it would be wise to change your Scrip, using pierced figures to denote the Stores and also to assort the metals for speedier identification of the various denominations and for better protection. (We have outlined this assortment below.) Therefore we wired you as follows;

"REPLY SUGGEST COMPANY NAME AT TOP THEN DENOMINATION THEN STRAIGHT ACROSS STORE LOCATION THEN A PIERCED FIGURE ONE THEN AT BOTTOM ABBREVIATED NUMBER ONE STORE SAME ARRANGEMENT NUMBER TWO STORE MAKE ATTRACTIVE LOOKING SCRIP EACH LOT DIFFERENT IN PIERCING AND STORE LOCATION WIRE APPROVAL ALSO CONSIDER ASSORTING METALS"

We might add, that the assorting of metals has been standard with us for some time now, as follows;

DOLLARS -	NICKEL	SILVER	HALVES -	BRASS	QUARTERS -	BRONZE
DIMES	"	"	NICKELS -	"	PENNIES	"

The sketch attached will make clear our idea as to arrangement of copy.

On separate sheet, we are giving you our current price list on Master Patented Metal Scrip. Should you desire to make any change in quantities, you will please wire us.

Your further authorization is awaited and immediately we have your exact wishes, we will proceed to make up the Scrip as quickly as possible.

Thanking you for all past favors and with sincerest regards, we are,

Cordially yours,

J. H. Schierloh.

Gentlemen:-

This will acknowledge receipt of your letter under date July 19th. acknowledging our order for some denominations in metal scrip.

You mention that you would have this lot of scrip shipped by express to C. H. Mead Coal Co. Mead, W.Va. and would mail invoice in duplicate to us at East Gulf, W.Va., Please mail invoice to C. H. Mead Coal Co. Mead, W.Va.,

Invoices are always sent to point of delivery of goods. East Gulf, W.Va., is where one of our stores are located, and we have another at Mead, W.Va. and since this scrip is for the Mead store, consequently shipment will be made to this point as well as invoice for same will be mailed there also.

You mention that you would perhaps be able to make shipment of this scrip about the 24th., this we appreciate very much since we are badly in need of the denominations ordered. And thanking you for past favors.

We beg to remain. .

Gentlemen:-

We would like you to make up for us a lot of 5000 pieces .01¢ metal Scrip. At this particular time we are badly in need of these Scrip Pennies.

You may have these made of what ever type metal that's available. Our last order covered by your invoice July 31st. 1942 calling for 5000 pieces .01¢ metal scrip, this particular order was made of Zinc. If it is possible we would like this order of the same metal, but if it's necessary to substitute to some other type it will be alright with us. We are badly in need of scrip pennies and we will be willing to take them in what ever type metal that's available.

We will appreciate you getting these out to us at the earliest possible date.

Very Truly Yours

Gentlemen:

Thanks for your letter of the 18th. We should in reality be provided with an official order and Priority Rating prior to entering an order, but we have assumed an MRO-AAL in this instance and in order not to delay, have entered your order accordingly, for 5000 pieces Penny Scrip, of .036" Zinc, all same as before, with "1" piercing. The lot price in this instance, however, is slightly advanced, namely \$48.75. Net thirty days, F.O.B. Dayton, Ohio. We assume also, that the matter of price will be acceptable to you and have not awaited confirmation as to this.

Yours very truly,

THACKER COAL & COKE CO. No. 11	5000		

The above orders we understand will follow in the course of approximately two weeks. If you so desire, however, you may forward same at once and we will defer shipment until say, May 15th.

Thanking you for the business and assuring you of our most careful attention to all details, we are

Very truly yours,
Ingle-Schierloh Company.

April 27, 1926.

Dear Mr. Short:-

In our letter of the 23rd., we specified 3750 pieces of assorted Metal Srip for Keystone Coal & Coke Co.,-- this should have been 6250 pieces. Please correct.

Also note that we overlooked stating the number of pieces for Thacker 11 -- this operation calls for 5000 pieces Brass.

Dear Short:-

We hate like the very dickens to be worrying you constantly in this matter, but my dear fellow, we haven't got a superfluity of "lubricant" and for that reason and that alone do we trouble you.

Give us a lift at once for at least the two oldest items on the list, Thacker #11 and Keystone - statements herewith - and don't feel unkindly toward us for the asking. If our "cable-tee" were longer twould be quite different.

ATTN: MR. EARLY:

Gentlemen:-

As soon as you ascertain your needs by way of additional one dollar scrip, pursuant to our recent correspondence, we shall be pleased to hear from you and give your wants our very best attention.

Now Mr. Short on the 9th and he stated, that in connection with this matter of additional scrip we would hear from you direct.

Since we only quoted on additional one dollar pieces, we thought best to submit, for your files, our quotation on additional pieces of all the denominations, as follows;

	PRICE PER ONE HUNDRED PIECES					
	1.00	.50	.25	.10	.05	.01
First 1000 pos. or portion thereof	3.25	3.10	3.00	2.85	2.75	1.95
Second "	3.00	2.85	2.75	2.60	2.50	1.70
Over 2000 "	2.75	2.60	2.50	2.35	2.25	1.50

Above prices on "fill-ins" based upon scrip quantities made from the same die --i.e. not assorted as to stores.

Terms: 3% 10 days; 30 days net. F.O.B. Dayton, Ohio.

Material- same as last.

These prices are right. As to service, we promise you that your wants will always have our very best endeavor.

Very sincerely yours,

Gentlemen:

We herewith enclose formal order for coin to comply with the West Virginia scrip law. This should be shipped to this office by express or parcel post insured.

As we understand it, you will punch two Bs on the scrip and we do not think it necessary to make any further cut out designs. The "BB" will be something like the Boone County Coal Corp. excepting, of course, to change the letters.

We only use the scrip for change and do not think there is much danger of mix-up with someone else's scrip.

The writer is very familiar with your scrip since we are using it at our Edwight and Glen Rogers mines.

Yours, very truly,

CARL SCHOLZ,
General Manager.

Quoted same price as Earle Supply 16875

Had figured on 4500^{pes} @ 3.75 total 16875 but in quoting specified an assortment of 4600^{pes} - 100^{pes} more than we have figured on but allowed the 4600 to stand at the price quoted.

Gentlemen:

The Basic Coal Company at Madsdale, West Virginia, is going to install metal scrip at their operation and we would appreciate receiving a price from you on same.

The quantity of scrip required will be the same quantity as was ordered for the Earle Supply Company at Madsdale, West Virginia.

Kindly advise us at once price and delivery on same.

Gentlemen:

In reply to yours of the 12th, we offer Scrip Pennies of 1/16" Red Vulcanized Fibre, coined (raised) lettering - all copy as previously furnished, except that these will be of slightly larger diameter and scalloped in shape and without piercing.

We offer these at standard prices, the larger size offsetting the piercing and in order that they may be quickly distinguished from other Fibre Tokens. See impression.

These should serve your purpose nicely. We quote as follows:

1M	1.60	per hundred
3M	1.30	"
5M	.95	"
10M	.80	"
20M	.85	"

Net thirty days. F. O. B. Dayton, Ohio. Shipment in approximately three weeks after receipt of order. Priority Preference Rating should be indorsed on order.

We await your kind reply.

Att'n. Mr. R. A. Prichard, Buyer

Dear Mr. Prichard:

Thanks for your valued order 11438-

We have been obliged to change the sizes on scrip, as have all trade check manufacturers, so as to comply with a new law, to avoid similarity in size with that of US coins.

Our Dime size is now 1". Presumably this fact will make no difference to you.

Current prices on this size scrip, are as follows;

	Brass	Nickel Silver (as per your sample)
2,000 not pierced - lot	45.20	54.00
Piercing "	8.00	8.00

Net thirty days. F. O. B. Dayton, Ohio.

May we have your prompt authorization on this, please.

Sincerely,

Dear Sir:-

We have before us copy of Mr. Kent's letter
to you of the 12th.

The enclosed sample of our Patented Metal Scrip
will acquaint you with the necessary wording on the "stock"
side of the scrip, to conform with the recently enacted
Scrip Law.

The Consolidation Coal Co., and scores of others have
been supplied this same type of scrip by us. We do know
absolutely that it conforms with the law, and you would
not be running the slightest risk in having your scrip read
accordingly.

Mr. Kent informed you of our quotation and we should be
pleased to serve you, making up the face of your scrip as you
have it now and with the same cut-out design.

Trusting we may hear from you promptly, we are

Very sincerely yours,

Mr. M. E. Kent, Mine Manager,
Cleveland-Cliffs Iron Co.,
Ethel, West Va.

My Dear Mr. Kent:-

The writer wants to apologize to you for the seemingly long time required in getting out your order for the 300 pieces of 6¢ coins. The fact is, we experienced difficulty with the piercing die which delayed us.

You may be assured however, that in the future, any orders mailed us will be executed with dispatch, for we have made provision against any recurrence of a like experience, and we do indeed appreciate your patience.

If you are in need of a supply of any other denominations of scrip at this time, we should be pleased to hear from you. It of course is always wise to allow as much time as you possibly can for the execution of an order, so at your earliest convenience if you will make an indication of your present supply to determine any requirements, it will obviate the necessity of a special rush order later.

Very sincerely yours,

J. H. Schierloh,

Dear Sir:-

We are at a loss to understand why we have not received the samples we requested. Your order #5567 calling for 400 Nicotels and 1000 Times was accepted in the best of faith and we have gone to expense on the order. We desired to make definitely as to the cut-out to be used and for that reason requested the samples.

Please advise us as to your pleasure in the matter.

Yours truly,

Re. invoice September 5, 1925. \$2.50

Dear Sir:-

We were given assurance by your Mr. H. C. Ferrell, that the above mentioned long past due invoice would be paid not later than January 20th. This was not done though we accepted the assurance in all good faith.

The item, as will be noted, has run five months, evidencing that we have been as lenient as can reasonably be expected. Certainly we have manifested by our attitude that we desired an amicable settlement. We cannot however, under any circumstance permit the item to ride along any further and must insist that remittance be in our hands within ten days from date hereof, or contrary to our earnest desire, we shall be compelled to take action to enforce collection.

We regret exceedingly the necessity for writing you in this manner but no other course is open to us.

Re. Export Coal Co., Inv. 9/2/25- 55.50

Dear Sir:-

The foregoing account has run long past the time that you assure our Mr. Ingle the account would be paid.

We hope that it will not be necessary to enforce collection of this item as was the case with the other account. Such a step is disagreeable to us and on the strength of your assurance to Mr. Ingle that the item could be taken care of, we have allowed it to drag much longer than the circumstances would have warranted.

We would appreciate an expression from you, definitely stating when remittance may be expected. In the absence of such definite assurance looking to a settlement of this item no other course than that of placing the matter with our attorneys at once, can be pursued.

Re: #2090 Yours vs Export Coal Co.

Gentlemen:

Our Fayetteville correspondent has advised
as follows:

"Immediately upon receipt of your letter
transmitting this claim, we took the same up
with debtor and were advised that the Export
Coal Company was negotiating sale or trying to
negotiate the same and all of their creditors
were simply holding off until it is ascertained
whether there can be a sale.

"If suit were brought against the Coal
Company at this time, no matter of small, it
would mean that the other creditors would follow
their example and this, in return, would mean
bankruptcy and no one would get very much."

Kindly advise us your wishes in the matter.
It looks as though you might as well sit tight at
present and keep an eye on the situation.

Awaiting your advices, we remain

Very truly yours,

MAC/SS

To the Creditors of Export Coal Co.,

As Receiver of the Export Coal Company I have exerted my best efforts to manage the property profitably and in the interest of all concerned. We have been handicapped by insufficient plant and equipment, therefore, the proposition has been difficult.

Lately my efforts have been directed to get some one to take over the property, invest sufficient capital in it to make a profitable operation and in some way pay or provide for payment of the claims against it. I think I have some parties who are interested in such a proposition. At any rate they are sufficiently interested to request me to ask the creditors to appoint a committee to act in their behalf. It is suggested by some that H. B. Lewis, V.P. of the Kanawha Bkg & Trust Co.,; Lee M. Winkle, Sec., of the Charleston Credit Men's Assoc., and John A. Field, V. P. of Thomas, Field & Co., act as such committee and they be authorized to conduct negotiations and formulate plans for and on behalf of all the creditors, with the idea that they will find some plan of reorganization, consolidation, sale or otherwise.

In the event that sufficient number of creditors make favorable response to the suggestion contained herein, negotiations will be begun by the committee as quickly as possible and as soon as a definite plan can be worked out the committee will report to the creditors for final approval.

I will very much appreciate your early reply, which you can make by signing your name below, or if you disapprove, by insertin the word "not" before the word "willing".

Yours very truly,
L. B. RAMSEY
Special Receiver for
Export Coal Company.

I am
We are willing to enter into an agreement for the reorganization of the Export Coal Company, through a creditor's committee as outlined above.

Gentlemen:

Re: #8090 Maple-Schierloh Company vs. Export Coal Co.

The receivership proceedings against the Export Coal Company in the Circuit Court of Kanawha County, West Virginia, has been referred to a Commissioner in Chancery to state the accounts of the Export Coal Company prior to a sale of its property. It is not likely that the unsecured claims will be released when this property is sold.

However, it is advisable that the above styled account be filed for which reason we request that you forward to us at once the usual verified statement of the account.

Yours very truly,

PILLON, BAKER & HOLT

Gentlemen:

Re: Eagle-Schiarish Co. V. Export Coal Co.

We are advised that the property of Export Coal Company was recently sold in the court proceedings in Kanawha County, in which proceedings we had filed your claim, but that the price obtained was not sufficient to satisfy said indebtedness, for which reason nothing will be paid on your account.

You may close your files.

Very truly yours,

Statements are sent out each month to our customers with a view to keeping our books correct, and the customer's mind clear as to the amount owed, and the obligation made. If we are to pay the wholesale dealers we will have to have the money you owe to us. If we do not get it there is but one course open to us, and that is: to close our doors and proceed to collect by law. You have owed this account far beyond a lawful right.
